Stone in Design: A Collaboration: Working with Stone Firms in the Early Design Phases

Program approved for 1 LU/HSW by the American Institute of Architects (AIA/CES) and the American Society of Landscape Architects (LA CES).

This course is intended to instruct attendees about the use of stone in projects as well as defining the key elements in the design process.

Coldspring is an approved American Institute of Architects (AIA), American Society of Landscape Architects (ASLA) and Interior Design Continuing Education Council (IDCEC) continuing education provider.
